Re: Build America, Buy America Compliance

To Our Valued Customers:

The Boxlok is proudly made in the United States of America by our trusted, sub-contracted injection mold shop, Pioneer Plastics, Inc.

Pioneer Plastics, Inc. is NSF and ISO 9001: 2015 certified, ensuring the highest quality of products.

In accordance with 106.01(c)2, I hereby certify that all construction materials and manufacturing processes for the materials listed below occurred in the United States of America of territories subject to its jurisdiction.

- Boxlok-1
- Boxlok-2
- Boxlok-3
- Boxlok-4
- Boxlok-K1
- Boxlok-K3

The materials supplied under this contract fall under the category of *non-ferrous construction materials*, as defined by the Build America, Buy America Act. All materials manufactured by EMMA SALES are made in the USA.

If you have any questions, please do not hesitate to contact EMMA SALES.

Sincerely,

Erik Smith
